## PRESIDENTIAL MESSAGE

This is a heartfelt thank you to the nominating committee especially to Karen Snow, Judy Cunningham, Betty Van Meter, Judy Ritchie, Ruthann Donahue and Kathy Rossing and to all who made suggestions, or agreed to serve on the 2007-08 board. The slate appears in this newsletter and we will vote to approve it at our April meeting.

One of the great things about AAUW is getting to know and work with so many smart and talented women. Many of you enjoyed the work of our artist members at the February meeting, but we also have historians, musicians, gourmet cooks, party planners and bibliophiles among our members who are willing to share their gifts and talents. For many years Sheryl Mueller has used her outstanding computer skills to update our website and send all points bulletins to all of you, but Sheryl feels its time to pass the baton. We thank her for an outstanding job.

Vickie Davidson, our corresponding secretary, now has all your e-mail addresses on her computer and will do alerts, but we need someone to keep our website current. We know one of our members has the technical skills to do this. Please call Sheryl to find out what the job entails and call me if you have the time and motivation to volunteer. The website is vital to getting our message out to the public and communicating with our members.

*Susan Murphy*

## PUBLIC POLICY

### CHILD CARE - OUR BRANCH PERSISTS

We've worked long and hard to keep the Child Care Center at the Presidio of Monterey open to the public and operating for community use. But our work isn't finished.

Did you know that:

- Our efforts date back to 1997?
- It was our AAUW Branch that played a community leadership role in acquiring the Presidio Child Development Center for public use?
- We worked in conjunction with four other non-partisan, non-profit organizations under the name "Peninsula Partners for Child Care"?
- We made many visits to the office of the Presidio Garrison Commander seeking his support for the project?
- We attended city council meetings and spoke in behalf of acquiring the center?
- Our AAUW Branch was instrumental in persuading the Monterey Neighborhood Improvement Committee to allocate the first \$100,000 for renovation of the center?
- We were represented on the selection committee that selected the initial operating firm?
- We were publicly thanked for our efforts by the Mayor of Monterey at the opening ceremony in the year 2000?
- Initially, funding for thirty-three child subsidies was received from the "Families First Project" (now known as "First Five"). Subsidies were for children of low income families.
- That we have appeared before the Monterey County Commission for Families and Children in behalf of sustaining funding for the center?
- The child development center at the Presidio is open to parents and children from all parts of the Monterey Peninsula?
- The center has an enrollment in excess of 100 children, ages five years and under?

So what now?

Our work continues. Monterey County funding for child care subsidies, which comes from the tax on tobacco, has been reduced from \$10,000,000 to \$4,000,000

for the entire county. (The tax on tobacco is serving its purpose -- tobacco sales have dropped.) As a result of the diminishing resources, the Commission for Families and Children will concentrate most funding on specific areas of the county where there are large populations of children under five and whose parents have low incomes.

The resulting reduction in funds for child care is sad. Ruthann Donahue and Mez Benton have been monitoring this situation.

Currently, there are nineteen children in the Presidio Center (now known as Children's Creative Learning Centers) who receive subsidy funding. It appears that funding will continue for at least fourteen of those children. We ask ourselves -- what will happen to the others?? What happens to children who have no access to safe care and early childhood educational opportunities?

Mez Benton, Public Policy Co-Chair

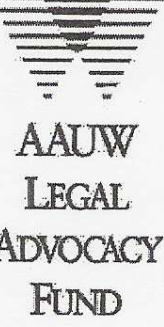

## SCHOLARSHIPS AWARDED

AAUW Monterey Branch has awarded two \$1200 scholarships to **Alma Garcia** and **Melissa Faye Pasa** for Spring, 2007. Both young women are juniors at CSUMB majoring in Liberal Studies with the goal of obtaining teaching credentials.

Alma is the daughter of field workers and a first generation college student. She has determination, bilingual skills and a cultural tradition that are certain to make her a valued contribution to the California teaching profession. In her personal statement she wrote, "My goals are to teach and help construct a better world with equality and justice for all."

In Melissa's statement she wrote, "I am committed to intellectual growth, advancement of women and equity for all women and girls." She has volunteered in Big Brothers/Big Sisters, YMCA camp, and the Boulder Creek elementary school tutors program. In our interview we were impressed not only by her 3.83 GPA but also by her maturity and optimism. Our branch is proud to continue support of young women who will be the leaders in the future.

Thanks to Phyllis Mosher, Judy Ritchie and Karen Snow for participation in the review of applications and the interviews of the five finalists. We had a large applicant pool and selected the finalists after interviews with the top five candidates. If you wish to participate in applicant review and selection for the CSUMB, MPC or girls, inc scholarships, contact Ruthann Donahue, Local Scholarships Director, 373-4197 or [ruthann@sbcbglobal.net](mailto:ruthann@sbcbglobal.net).

#### From AAUW LAF Press Release 1-19-07

AAUW Legal Advocacy Fund Plaintiff Michael Burch was awarded \$725,000 for damages and attorney fees in a discrimination suit settlement with UC-Davis. He will not be reinstated as head wrestling coach and is not permitted to pursue employment at any school in the University of California system.

Burch is now the assistant wrestling coach at Brown University and a religious studies lecturer at Rhode Island College and the Rhode Island School of Design.

Burch filed suit in 2003 for Title IX violations. Burch claims that UC-Davis barred female participation in the wrestling program and terminated his contract after he showed support for the female wrestlers in 2001. Burch's case is supported by the AAUW Legal Advocacy Fund, the nation's largest legal fund focused solely on sex discrimination in higher education. AAUW also supports the female wrestlers in a separate Title IX suit against the school.

The AAUW Legal Advocacy Fund, a program of the AAUW Educational Foundation, is the nation's largest legal fund focused solely on sex discrimination in higher education. It provides funding and a support system for women seeking judicial redress for sex discrimination.

...LAF educates campuses and communities about continuing barriers faced by women and the legal rights, policies and strategies that can help eradicate sex discrimination in higher education.
